JAZZ  
NO LIMIT Café

Ben Fitzpatrick is a saxophonist, composer and educator who has already created a name for himself in the international Jazz scene. Mentored by the great saxophonists Joe Temperley and Ted Nash, Ben was a great success, being a featured soloist on two occasions at Carnegie Hall. He believes that he learned the most on the stage with some of the greatest musicians in the world. He is proud to have worked with and learned from artists who inspired him to be the best musician he could be. Ben at age 25 is now the first chair tenor saxophonist, and the youngest musician to hold a permanent position in the WDR Big Band.
